BEGGING.

Battling with hunger
How many we meet,
Foot-sore and frozen,
Wand'ring the street;
Weary and dreary,
Pleading for bread,
Houseless and starving—
No rest for the head;
Cold—cold—nothing to eat,
Ragged and shivering,
Wand'ring the street.

Battling with hunger,
Wearisome—sad,
From morn until eve
Scarce "a bite" to be had;
The outlook all gloom,
Trudging through snow,
In misery creeping,
Onward they go,
Cold—cold—nothing to eat;
Wretched and hungry,
Wand'ring the street.

Battling with hunger,
Battling for bread,
Battling for bare life,
Wishing life sped!
Hearts sadly aching,
Hard in their pain,
Groveling in gutter,
Begging again.
Cold—cold—wretched and sad;
All alone in the world,
Scarce "a bite" to be had.

Battling with hunger,
Hard is their fate,
Pleading and tramping
Early and late;
O list the prayer
Of the wand'ring poor,
And don't thrust the beggar
Away from your door.
Cold—cold—out in the rain,
To eke out a living
Begging again.

WHAT WE EAT.

It is generally understood, we believe, that "every one must eat a peck of dirt" before he dies, but it is not so clear that humanity is under any obligations to consume about everything else that can be worked over into a counterfeit of food and drink. It is a fact, nevertheless, that the art of adulterating articles for the table has been carried to a startling limit. In a recent address in Boston upon "Public Health Associations," a Mr. Angell said:

The most dangerous poisons can be bought at hundreds of places in our cities without restriction. Cayenne pepper is adulterated with white lead; mustard with chromate of lead; vinegar with sulphuric acid, arsenic and corrosive sublimate. Half the vinegar sold is said to be rank poison. Of 12 packages of pickles analyzed, copper was found in 10. Of another lot of 16 packages, copper was found in every one, though no two were put up by the same wholesale house. Syrups, flavoring oils, jellies and preserved fruits contain poisons. Tea and coffee are largely adulterated; cocoa and chocolate with minerals.—White stone is ground up for adulterating soda, sugar and flour. A Boston chemist found 75 per centum of terra alba in one sample of cooking cream of tartar. Thousands of gallons of compounds are sold as milk that do not contain one drop of the genuine article.—Diseased meats, eggs, poultry and fish are sold in the markets. Butter is manufactured in enormous quantities from animal fats, often obtained from diseased animals, and even this is adulterated. In San Francisco tea is made of exhausted tea leaves colored with Prussian blue; coffee of burnt flour flavored with essence of coffee; bread of potatoes and alum. Whiskey contains creosote, salts of copper, alum, etc. In a cask of "pure" sherry wine, purchased of a Boston firm for sick patients, not a drop of the juice of the grape was found upon analysis. Wines and liquors are manufactured here and shipped to Europe and then "imported" into this country. California wines are made in Boston cellars. Forty gallons of compound is changed into brandy, whisky, and other liquors, at a cost of ten cents a gallon. Tinware contains lead in soluble form. In fabrics for clothing, arsenic, corrosive sublimate and other deadly poisons enter—in ladies' dresses, in silks, veils, threads, artificial flowers, gentlemen's underclothing, socks, gloves, hat linings, paper collars, and other articles. In a green dress eight grains of arsenic were found to the square foot. Wall papers, tickets, lamp shades, cards, etc., contain large quantities of arsenic. A retired sugar dealer says that sugar, molasses and honey are so largely adulterated that he dares not use them except in small quantities. Kerosene oil is so adulterated that out of 20 samples tested by a Boston chemist, 18 were dangerous.

* * *

A gentleman must always offer a lady his right arm to take her down to dinner. The reason is that a gentleman must invariably give the lady the place of honor, which is the right hand, and the only occasion on which a lady stands on a gentleman's left is during the marriage service, when the inferior position indicates submission and obedience.

* * *

A Kansas temperance reformer has also an anti-swearing pledge, which is as follows:—"I do hereby promise that I will not swear or take the name of the Lord in vain, and that I will try to influence others to do so?" To do what?

* * *

Boston long ago canned her baked beans for shipment, and now she is canning codfish balls. Pretty soon she will be sending compressed culture abroad to the benighted world in tin boxes.

Peculiar Burial Customs.

The cemetery at Munich always has its attractions to the visitors on account of the peculiarity of funerals, and the exposure of the bodies of the dead for three hours before burial. The law requires the body of every one dying in Munich to be conveyed to the cemetery within three hours, there to remain in buildings erected for the purpose, for three days. During these three days a wire is attached to the hands of each corpse, leading to a spring bell, so that an alarm will be given to those whose duty it is to be on guard in case of resuscitation. We could not ascertain whether there had ever been a case of resuscitation, but it appears that a long time ago a case of burial alive had led to the establishment of this custom, which had been regularly kept up ever since, to avoid a recurrence of such a catastrophe. We immediately went to the first of these halls in which the bodies of the poor were deposited and there found eighteen bodies, not laid out as if for burial but reclining in floral bowers or resting upon beds of flowers. Spectators were not admitted to the rooms, but they were surrounded by windows through which a full view and inspection of each could be had. There were eighteen bodies in this room, seven of which were infants, and eleven those of grown persons, except one beautiful girl of about twelve years, arrayed in white muslin, resting on a bed of flowers with a wreath of orange blossoms around her head; reclining as if asleep, with her bare arms lying carelessly by her side. None of them except the infants were lying as we usually dispose of the dead, but in every case, whether young or old, there appeared to be an effort to place them in a careless or half reclining attitude, so as to have the appearance of being in a natural sleep.

* * *

CUSHING'S LOVE.—He was in love, was Caleb Cushing, when people had given him up for a confirmed old bachelor. The lady who razed his objections matrimonial to the ground was the very beautiful Miss Virginia Timberlake, the daughter of the equally beautiful Mrs. Eaton of Washington. Mr. Cushing was desperately smitten, and paid unflagging devotion to his divinity, until, one day the imperious beauty tried on in his presence a pair of beautiful Parisian gloves, which not suiting in style and fit, she threw upon the floor. A second pair met with the same fate, while the third, being more fortunate, were calmly drawn over her exquisite hands and fastened with costly bracelets about her rounded wrists. During the promenade which ensued, Mr. Cushing diplomatically asked, "How many pairs of gloves a young lady required during the year." "Speaking for myself," replied the spoiled beauty, "I never wear a pair but once, and never once if they don't suit me." "What is the expense of such gloves as you wear, for instance?" inquired the cautious young lawyer.—"Oh, $2 or $3!" was the careless reply. "I should never marry a woman with such extravagant notions," said Mr. Cushing, undoubtedly uttering his thoughts aloud. "Nobody asked you' sir, she said," quickly and aptly quoted the haughty beauty, turning upon her French heels and retracing her steps homeward, leaving the economically inclined barrister to recover from his disappointment and chagrin as best he might.

* * *

Hon. George M. Parsons, of Columbus, O., is rapidly forming family alliances with the nobility of the old world. His eldest daughter married a member of the English Parliament, another daughter married Prince de Lynar, of Kaiser William's Staff, and a third, it is now stated, is affianced to a French Count.

* * *

"Can a man belong to a brass band and be a Christian?" asks an exchange. We see no impediment in the way. But if he is given to practising at home, it is an utter impossibility for the man living next door to be a Christian.

An old colored man in Detroit seeing a young lady vainly trying to cross a swollen gutter, offered to carry her over. She told him she feared she was too great a weight. "Why, de Lor' bless you, honey," he said, "I'se used to liftin' bales of cotton all my life, I was."

If you would enjoy your food, labor for it; if you would enjoy your raiment, pay for it before you wear it; if you would sleep soundly take a good and free conscience to bed with you.

* * *

It is better to love a person you cannot marry, than to marry a person you cannot love. This is a short text for a long sermon.

* * *

Dare to be good, though the world laugh at you.

* * *

Time is a file that wears and makes no noise.

Home securities—Fastening the front door.

THE CHRONICLE.

BODIE, FEBRUARY 22, 1879.

A PLEA FROM BRIDGEPORT.

BRIDGEPORT, Feb. 16, 1879.

EDITORS CHRONICLE:—The people of Bodie are taking active measures to remove the County Seat from Bridgeport to their town. We wish you God speed, if such removal will benefit the taxpayers of Mono county. Had you not better wait and demonstrate whether your location will justify it by its permanence, or not. We wish Bodie and her people and mines the greatest prosperity, as our interests are closely linked with yours; but will the removal of the county seat benefit you in enhancing the value of your real estate, which now commands fabulous prices in central locations, and thereby benefit the taxpayers of the county? We think it will not, but, to the contrary, it will depreciate our property ten fold to what it would enhance the value of Bodie property, and thereby diminish the value of the taxable property of the county. Will such removal benefit the mining interests of Bodie? we say no, for the reason that new county buildings would have to be erected, insuring an increased and heavy taxation, which would bear heavily upon your mines, whether productive or otherwise.

Much has been said about the inferiority of the county buildings. If they are inferior we are not groaning under a burthen of taxation; and our county scrip is near par. We have in Bridgeport two commodious and well-kept hotels, and those visiting our town on official business have no occasion to find fault with our accommodations. Let us take warning from Calaveras county, which was in a prosperous condition, financially, until the county seat war was inaugurated, which bankrupted the county, and from which it has never recovered. Is it right that Bodie, whose marvelous growth has given her the power, should try to take the county seat from Bridgeport in opposition to the wishes of the taxpayers of every portion of the county outside of Bodie? It will be but doing justice to the people of the entire county if the advocates of a removal of the county seat should let this matter drop until time proves the permanency of Bodie as a mining camp.

If the people of Bodie desire to have the county seat on account of criminal business, why do you not organize a town government, elect your officers, pass stringent ordinances, and keep the rough element of the town in check. It is not to be expected that our worthy District Attorney should attend to the prosecution of every petty case that is brought before your Justices, as his salary—$50 a month—would not pay his livery expenses; and that officer cannot reside in Bodie, as the law compels him to reside at the county seat. In conclusion, fellow-citizens of Bodie, let me ask you to allow Bridgeport to continue in possession of that paltry boon—the county seat, which would not add to Bodie's prosperity, but the possession of which is of vital importance to Bridgeport.

A TAXPAYER.

* * *

On Wednesday afternoon, about three o'clock, during a heavy fog on the Bay, the ferry boats El Capitan and Alameda collided in midbay. The Alameda, being lower in the water, ran under the guards of the El Capitan and drove a hole in her port bow, which allowed the water to pour in, causing the El Capitan to sink to her upper deck within 20 minutes after the accident. The El Capitan had on board about 100 passengers, but no lives were lost. With the exception of a few who jumped overboard and were rescued by a tug boat, all got aboard the Alameda without any difficulty. The Alameda was crossing to Oakland with 400 passengers, and sustained no serious damage. The El Capitan was carried by a strong current toward Meiggs wharf, where she was grappled by tugboats.

* * *

Four men were badly fooled in San Francisco the other night, when they garroted an *Alta* printer, and got twenty five cents, a jack knife and an umbrella for their trouble. Next time they will doubtless ascertain whether their intended victim is a printer, or a newspaper man, or a man liable to have money, before they "go through them." Bodie garroters are too smart to be fooled thusly.

* * *

Of $45,000,000 fractional paper currency issued, there remains outstanding about $16,000,000, of which amount about $2,000,000 are in three and five cents. It is now estimated that there will ultimately be redeemed only $4,000,000 of the $16,000,000, leaving $12,000,000 as profit to the Government, that amount being lost or destroyed.

* * *

It makes us blush to note the fact that the State Printer of Louisiana has been indicted for perjury. That a printer should be so accused! but, still, since the last Presidential election we should not be surprised at anything we hear from that State.

* * *

On Tuesday the Michigan Legislature elected Zach. Chandler to the U. S. Senate, to fill the vacancy caused by the resignation of Senator Christiancy.

COUNTY SEAT.

Mono county, like most others, has residents far from the County Seat, and, when business requires their attendance, they naturally count the cost and selfishly wish it was comparatively at their door. Mono is likely to be cursed with a county seat fight—Bodie and Bridgeport being contestants. Probably no business is as much discommoded by a remote county seat as ours; the difficulties attending the procuring of Court and Supervisors' proceedings, and other matters which center around the Court House, without personal attendance, at considerable expense, must be apparent to all. This, coupled with the fact that we are exempt from jury duty, poll, road and hospital tax, relieves us of selfish motives, and enables us to calmly discuss the removal question from an unselfish standpoint. We are opposed to the removal of the county seat, and, outside of Bodie, hardly a vote could be obtained in favor of the measure, and a strong opposition exists in this town. A few wholesome truths ought to convince our people that economy and fair dealings should govern their actions. There is but little benefit derived from county seat business, and it is mainly when the Courts and Supervisors are in session. Cannot the rich and populous Bodie be content to let our sister town remain in quiet possession of the Seat of Justice, and enjoy the profit which arises from it? Would it not be generous towards a good and deserving community? The outcome of removal of county seats in this State has been embittered feelings, local jealousies, and increased taxation. Are the taxpayers of Bodie willing to submit to a depletion of their pockets for the benefit of a few at the expense of the many? Are its citizens ready and anxious to subject themselves to be harassed by a Sheriff in search of a jury. In cases of emergency the residents of county seats are the first to suffer, and the business houses, offices, workshops and mines of Bodie would be invaded by officers for victims of the jury box, if our town should be so unfortunate as to be inflicted with the expensive luxury of a county seat. We advise the people of Bodie to go slow and leave well enough alone, for the present, at least.

Humiliating.

The revenue cutter Oliver Wolcott, at Port Townsend, has been ordered to Sitka, to protect our citizens, whom the Indians threatened to exterminate. At the urgent solicitation of the American residents of Sitka the British man-of-war Osprey has left Victoria for that place, to protect the lives and property of citizens of this great republic, whose officials criminally withdrew the few troops stationed there for the protection of American interests; and left a handful of settlers, with their wives and children, at the mercy of a horde of savages. It is humiliating to an American to know that his countrymen are so often forced to call upon a foreign government to protect them in their lives and property; but it has always been so, and we have no reasons for believing that there will ever be a change in this regard.

* * *

Dr. Coan, in an able scientific magazine article on "Climates for Invalids," assigns Southern California the first place among American localities, and San Diego the fifth place in the list of climates of the world favorable for consumptives. The freedom of the orange groves of Southern California, and of the ancient city of San Diego, should be voted to the Doctor.

* * *

The passage of the anti-Chinese bill by Congress has caused undue excitement among the people in the Eastern States, where the Chinaman seems to be reverenced as much as the "noble red man" used to be. Strong appeals are being made to the President to veto it. The merchants are fearing the loss of an almighty dollar, and the ministers are fearful that their missionary billets will be interfered with.

All stationery, etc., furnished under the contract, to be of equal quality with samples on view in the County Clerk's office, at Bridgeport, in said county.

Also, For the County Printing; and Board for the prisoners confined in the county jail at Bridgeport, in said county.

Said proposals to be filed with the Clerk of the Board of Supervisors of said county, on or before Monday, March 3d, 1879, at Ten o'clock, A. M.

By Order;
f15-td D. JEFFREYS, Clerk.

ADMINISTRATORS' SALE of Real Estate and Personal Property.

NOTICE IS HEREBY GIVEN, THAT IN pursuance of an Order of the Probate Court in and for the County of Mono, State of California, made on the 29th day of January, A. D. 1879, in the matter of the Estate of GEORGE W HIGHTOWER, Deceased, the undersigned, Administrators of said Estate, will sell either at private or public sale, to the highest bidder for cash in gold coin of the United States and subject to confirmation by said Probate Court, on or after MONDAY, the TWENTY-FOURTH day of FEBRUARY, A. D. 1879, all the right, title, interest, and estate of the said George W. Hightower, deceased, at the time of his death, and all the right, title and interest that the said Estate has by operation of law, or otherwise acquired, other than, or in addition to, that of the said intestate at the time of his death, in and to all that certain lot, piece, or parcel of land, situate, lying, and being in the town of Benton, County of Mono, State of California, and bounded and described as follows, to wit: Commencing on Centre street, at the southeast corner of the ground of N. McNamarra, running thence east along said street one hundred and twenty (120) feet; thence at right angles northerly adjoining a lot owned by I. H. Meyers, one hundred (100) feet; thence westerly at right angles, one hundred and twenty (120) feet; thence southerly at right angles one hundred (100) feet to the point of commencement, with the improvements thereon, said lot being generally known as, and called "Hightower's Lumber Yard." Also that certain lot, piece, or parcel of land, lying, situate, and being in the town of Benton, Mono county, State of California, and bounded and particularly described as follows, to wit: One certain lot on the south side of Centre street in the town, county and State aforesaid, running southerly from Centre street on the west line of lot of J. H. King, two hundred (200) feet; thence westerly at right angles two hundred (200) feet; thence northerly two hundred (200) feet to Centre street; thence easterly along said street to the point of beginning, together with the improvements thereon, said lot being generally known as, and called, "Hightower's New Building." Also a one half partnership interest in one saw-mill situated on the western slope of the Sierra Nevada mountains, about twelve (12) miles northwesterly from the town of Benton, county and State aforesaid, with the adjoining buildings and the land upon which the same are situated, said property being generally known as, and called "Hightower's Saw Mill." And also a one half partnership interest in the wood and timber claim upon which the aforesaid saw mill is situated. Also the following described personal property, to wit:

One turning lathe; also a one half partnership interest in fifteen (15) head of work oxen, yokes, bows, chains, wagons, and logging trucks, saws, tools, lumber, and blacksmith's tools generally, and any and all personal property of every character and description whatsoever belonging to said Estate, and now remaining unsold.

TERMS AND CONDITIONS OF SALE.

Cash, in gold coin of the United States.

Deeds at the expense of the purchaser.

Bids or offers may be made at any time after the publication and posting of this Notice and before the making of the sale. All bids or offers must be in writing and left at, or sent per mail to the store of Messrs. Creaser & Milner, at the town of Benton, county and State aforesaid, or delivered personally to either of the undersigned.

M. J. HIGHTOWER,
JOHN A. CREASER,
Administrators of the Estate of Geo. W. Hightower, deceased.
GEO. N. WHITMAN, Attorney.
Dated January 29th, 1879. f1 3w

LOCAL TESTIMONY.—Mr. David R. Muliston, of San Francisco, says: "My case was a very bad one; my hands, arms, face and legs were literally covered with a most offensive eruption. Eight bottles of *Bristol's Sarsaparilla* and three phials of Pills carried off every sign of the disease.

* * *

BRONCHITIS, COUGHS, COLDS AND THROAT DISEASES, if suffered to progress, result in serious pulmonary affections, oftentimes incurable. "*Brown's Bronchial Troches*" reach directly the seat of the disease, and give almost instant relief.

NEW TO-DAY.

NOTICE TO CREDITORS.

JOHN L. BERRY, of Bodie, Mono County, California, having this day filed his petition in insolvency, it is hereby ordered that the Creditors of said Insolvent appear before me on the 18th day of March, A. D. 1879, at 2 o'clock in the afternoon of said day, to show cause, if any they have, why an assignment of the Insolvent's estate should not be made, and he be discharged from his debts. And it is further ordered that all proceedings against the debtor be stayed.

H. S. LEAVITT,
County Judge of Mono County.
Bridgeport, Mono County, California, February 11, 1879.

THE CHRONICLE.

BODIE, FEBRUARY 22, 1879.

LOCAL AGENT.—W. H. Ellis is authorized to receive subscriptions and advertisements for the CHRONICLE.

D. R. Foster, at Bryant's store, Bridgeport.

Joseph Carney, Coleville.

LOCAL INTELLIGENCE.

The CHRONICLE Office is on the second floor of "Goodson's Building," east side of Main street, between Standard Avenue and Green street.

JOB PRINTING.—Job printing of the finest descriptions will be furnished at this office at Sacramento prices.

A PLEASANT SURPRISE.—On Saturday evening last, while at press, in response to a gentle tap at the door, we found on our doorstep a good sized basket. With dismal forebodings of the miseries of "innocent" victims of "poor, but respectable ladies," we softly brought it in and our devil gently removed the covering. Was there a sweet and handsome baby snugly ensconced in a supply of nursery appliances, and a roll of twenties? Not much! But, there was that which gladdened the hearts of the poor, weary and empty-stomached printers. Roast chicken, sandwiches, pies, cakes, etc.—the thoughtful and generous remembrance of Abrams & Callahan, of the Can Can Restaurant. This kindness will cover a multitude of sins—if they have any. Accept thanks.

CLOSE COLLECTION.—Sheriff Taylor, who is ex-officio Tax Collector, informs us that delinquent taxpayers are paying up very handsomely, enabling him to make a very close collection of the year's taxes, as not more than $1,500 out of the $26,000 levied will be delinquent on the day of sale—March 6th. This is a good showing on the part of the taxpayers of Mono county, and one that no other county in the State can equal.

SODA WORKS.—John Thomas and Robert Campbell, of the Santa Rosa Soda Works, are here awaiting the arrival of apparatus and materials, which will be here next week, for the manufacture of soda water, champaigne cider, ginger ale and syrups. This is a much desired enterprise, and the long experience of its projectors is a guarantee of success.

DIFFICULTIES.—Upon our arrival in Bodie, three months since, the only vacant house, a one-story shanty, 10 by 14, in, or may say out of town, is the one from which we have published this paper. Under such difficulties we have been unable to do justice to the public or ourselves. In our new office we shall be pleased to receive visitors.

BODIE RAILROAD.—Several car loads of the rails ordered by D. O. Mills for the Bodie Railroad have arrived at Reno and will be immediataly forwarded to the Mound House. They are said to be heavier than those used on the Southern Pacific Railroad. This looks like business.

A GRAND SUCCESS.—The ball given last evening by the Miners' Union, in honor of Washington's Birthday, was the largest, as well as the most pleasant, ever given in Bodie. A fine supper was served at Johnson's Bodie House. The dancing continued till after four o'clock this morning.

SPECIAL MEETING.—The Board of Supervisors will hold a special meeting on the first Monday in March to act on road matters, and award contracts for supplies and county advertising. See advertisement under New To-day.

SLOPPY.—The Spring like weather we are now having has made our streets—more particularly Mills street—very sloppy, through the melting of the snow, so that pedestrianism has been everything but agreeable this week.

BULLION SHIPMENTS.—This week the Standard Company shipped Bar No. 112 $16,656 75, and to-morrow 113 will be shipped. The Bodie shipped Nos. 86 and 87, respectively $7,187 14 and $6,865 43—$14,052 57. Total, $30,709 52.

NEW TO-DAY.—Under New To-Day will be found the advertisements of F. P. Willard, Special Meeting of Board Supervisors, and Resolution of Board of Supervisors.

SCHOOL.—The public school was opened on Monday last under charge of Mrs. Belle Donnelly, teacher. The attendance is about sixty, and is daily increasing.

RELIGIOUS.—Rev. G. B. Hinkle will hold divine service at the School House to-morrow evening at 7½ o'clock. Sunday School at 2 o'clock P. M. All are cordially invited to attend.

TAX SALES.—Sheriff Taylor has postponed the sale of property for delinquent taxes until the 6th of March, at the same hour and place.

NEW CABLE.—The new cable for the Standard Company will arrive to-day, and will be put in running order immediately.

OUR MINES.

The following are the last official reports:

STANDARD.—The east crosscut from main shaft is in 273 feet—progress this week, 28 feet. The rock in face is porphyry with stringers of quartz. The south drift from this crosscut has been advanced since last report 10 feet—total length, 207 feet. The ledge is three feet wide of very good ore. East crosscut (300 level) is in 225 feet—progress for the week, 10 feet. No change in the character of the ground. The north drift from this crosscut has been extended during the week 14 feet—total length 66 feet. The ledge is 2½ feet wide and looks well. The north drift on West Standard is in 70 feet. The ledge is 18 inches wide of very rich ore. South drift on this ledge is in 79 feet, showing a ledge 2 feet wide, which is also very rich. The north drift in Cook ledge is in 130 feet. The ledge is 18 inches wide and looks well.

BULWER.—The south drift, 380 foot level, is in from the winze 165 feet—progress during the week, 10 feet. The ledge is 2½ feet wide and looks well.—The west crosscut from this drift is in 7 feet. The rock is very hard. The ledge in the upraise is 2 feet wide of good ore. Ledge in the south drift (200 foot level) is 3 feet wide of good ore. There has been no important change in the Stonewall stopes, which are yielding the usual amount of good ore.

The following are reports up to this (Saturday) evening:

SOUTH BULWER.—Good progress has been made during the week in both crosscuts—200 and 350-foot levels. The 350 level has been advanced 14 feet during the week—total 28 feet; ground in face is hard blasting porphyry, and progress is slow. Will drive as fast as possible to strike the ledge discovered in the 200-foot level. During the past two days important developments have been made in the 200 foot level. A new ledge, 8 feet wide, has been cut. It is decomposed quartz and clay, some of which prospects nicely. Work goes on well.

TIOGA.—Main shaft is down 50 feet below the 420-foot level. Main crosscut on 420-foot level is in 68 feet east of shaft, and the ground is somewhat harder. West crosscut on 320-foot level is in 200 feet from main shaft. Considerable repairs have been made in drifts connecting with winze, in west crosscut in 420 foot level.

MONO.—Work is progressing with a great deal of care, the ground being treacherous. North drift on 400 foot level is in 73 feet. West crosscut is in 41 feet, passing through all kinds of favorable looking quartz. Have strong hopes of finding ledge in this crosscut. Water holds its way, just keeping below the 400-foot level.

CONSOLIDATED PACIFIC.—Winze No. 2 is being pushed for a depth of 120 feet to crosscut to No. 1. It is down 45 feet. Work on the main has been suspended for want of timbers. On the 1st of March timbering will commence. The shaft is down 172 feet. Work will be pushed with vigor to open the mine to take out ore this Spring.

JUPITER.—Station opened at 250 foot level. Started west crosscut, which is in about 20 feet.

CONFIDENCE.—Shaft down about 30 feet in fair looking and good working ground.

BLACKHAWK.—Shaft down 200 feet. Rock is the same, and in good sinking ground.

EMPIRE.—Shaft down 25 feet in good looking ground.

MINING LOCATIONS.

The following locations have this week been recorded by District Recorder George Macartney.

Black Jack.—1,500 feet, west of the Golden Star claim. S. P. Gollen, Geo. Schissler and John Gleeson.

Mastodon.—1,500 feet, joining the Great Republic mine. Chas. A. Read.

Neptune.—1,500 feet, north of the Great Republic mine. Press Ireland and Charles A. Read.

Golden Chariot.—1,500 feet, north of the Great Repuplic mine. Patrick McDermott and Martin Maley.

Smith.—1,500 feet, north of Great Republic mine. C. F. McKinney, Wm H. Smith, John P. Sullivan and Jessie Pearson.

SIDEWALKS.—We are pleased to notice that our citizens are paying more attention to sidewalks. It is better for our business men to have people travel on good sidewalks than in the middle of the street, as has been the case. Customers—particularly ladies—will trade at the stores they can reach without going through too much mud. A person now can pedestrianize through Main street quite comfortably; but there is still room for improvement.

REMOVAL.—Next week this office will be removed to Goodson's Building, two doors below West & Bryant's store.

TO THE BREEZE.—To-day being Washington's Birthday, all the flags in town have been given to the breeze.

THE WEATHER.—The weather this week has been Spring-like, and the streets are fast drying up.

BODIE MARKET REPORT.

BUILDERS OF STEAM MACHINERY IN all its branches, Steamboat, steamship and land

ENGINES AND BOILERS.
High Pressure and Compound.

Ordinary Engines compounded when advisable.

Steam Boilers.—Particular attention given to the quality of the material and workmanship, and none but first-class work produced.

Water Pipe, of boiler and sheet iron, of any size, made in suitable lengths for connecting together, or sheets rolled, punched and packed for shipment, ready to be rivited on the ground.

Hydraulic Riveting.—Boiler work and water pipe made by this establishment, riveted by hydraulic riveting machinery, that quality of work being far superior to hand work.

Pump.—For mining, of any capacity and of any style. Our style of direct acting, compound engines, with double line of pumps, are particularly recommended.

Direct Acting Engines for underground work, irrigation, or city water works purposes, built with the celebrated Davey valve motion, superior to any other.

Mining Machinery.—Quartz mills, pans, boilers, hoisting machinery, sinking pans, hoisting engines, or other machinery required.

THE CHRONICLE.

BODIE, FEBRUARY 22, 1879.

HOUSEHOLD.

English Plum Pudding—One and a half pounds muscatel raisins, one and three-quater pounds currants, one pound sultana raisins, two pounds moist sugar, two pounds finely chopped suet, six ounces mixed candied peel, the rind of two lemons, one ounce of ground nutmeg, one ounce ground cinnamon, one half ounce pounded bitter almonds, one half pint brandy; stone and cut up the raisins. wash and dry the currants, and cut the candied peel into thin slices; dry ingredients, and moisten with eggs, which should be well beaten into the pudding; stir in the brandy, and when all is thoroughly mixed, butter and flour a stout pudding-cloth; put in the pudding, tie it down closely and tightly; and boil from six to eight hours; and then serve with brandy sauce. Stick some sweet almonds, blanched and cut into strips, in it. This pudding will be sufficient for twelve or fourteen persons.

Plum Cake.—Take two pounds of large, fresh raisins, one pound of citron, eight fresh eggs, two cups of powdered sugar, one of butter, four of flour, one of sweet milk, one-half teaspoonful of soda, one nutmeg, grated, half teaspoonful of ground cloves; sift the flour and put in the oven to brown; as you would coffee; cut the raisins in half and seed them; cut the citron in strips half inch wide, then slice as thin as possible; bake in a six-quart basin two hours. Icing for it: the whites of four eggs, two cups of powdered sugar, two tablespoonfuls of cornstarch, the juice of one lemon, one ounce of rosewater.

For Burns.—Strong, fresh, clear lime water mixed with as much linseed oil as it will cut; shake the bottle before applying; wrap the burn in cotton wadding saturated with the lotion; wet as often as it appears dry, without removing cotton from the burn for nine days, when new skin will probably have formed.

Apple Cream.—One cup thick cream, one cup sugar; beat till very smooth; beat the whites of two eggs and add; stew apples in water till soft; take them from the water with a fork. Pour the cream over the apples when cold.

Lizards, flies, miniature squirrels and mice are now stuck here and there over Parisian bonnets.

* * *

Jack of all trades seldom succeed in making much money. To do one thing extra well is about all a man can do.—He may aim to be a prince in one line of business. He cannot be a great merchant, contractor, manufacturer, farmer, builder, railroad operator, speculator and cattle driver at one and the same time. He must take some one of these to his heart and head and make a specialty of that one. It is the only way that great trade schemes are pushed ahead, and that millionaires are made. This one-idea theory will hold good in every calling of life, and no better advice can be given to youth than that contained in these words: "Do some one thing in life, and do it well."—*Tulara Times.*

* * *

Mark Twain told a newspaper reporter that he was going abroad in order to find a quiet place to write, where he would not be disturbed once a day. It is singular that it never occurred to him to remain at home and secure a desk in a store that does not advertise.

* * *

Eat an orange before breakfast if you would be happy and healthy.

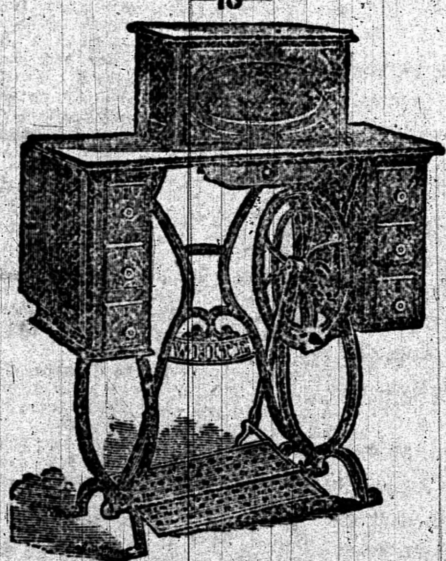
Cor. MORGAN & WASHINGTON STS., JERSEY CITY.

The White

—IS—



THE EASIEST SELLING,
THE BEST SATISFYING

Sewing Machine

Its Introduction and World-renowned reputation was the death-blow to high-priced machines.

THERE ARE NO SECOND-HAND WHITE MACHINES IN THE MARKET.

This is a very important matter, as it is a well-known and undisputed fact that many of the so-called first-class machines which are offered so cheap now-a-days are those that have been repossessed (that is, taken back from customers after use) and rebuilt and put upon the market as new.

THE WHITE IS THE PEER OF ANY SEWING MACHINE NOW UPON THE MARKET.

IT IS MUCH LARGER THAN THE FAMILY MACHINES OF THE SINGER, HOWE AND WEED MAKE.

IT COSTS MORE TO MANUFACTURE THAN EITHER OF THE AFORESAID MACHINES.

ITS CONSTRUCTION IS SIMPLE, POSITIVE AND DURABLE.

ITS WORKMANSHIP IS UNSURPASSED.

Do not Buy any other before trying the WHITE.

Prices and Terms Made Satisfactory.

AGENTS WANTED!

White Sewing Machine Co.,

CLEVELAND, O.

BEATTY

PIANO OR ORGAN SENT **FREE!** Any person who will make and forward me a list of the names of reliable persons of their acquaintance who wish to procure an instrument, either Piano or Organ, I will use my best endeavors to sell them one, and for every Piano I succeed in selling to their list within one year, I will credit them with $10, and for every Organ $5, to be applied on payment of either a Piano or Organ; and when it amounts to a sum sufficient to pay for any instrument, selected at the lowest wholesale price, I will immediately ship the instrument, free, or after any amount is credited the balance may be paid me in cash and I will then ship them the instrument. They need not be known in the matter, and will be doing their friends a real service, as I shall make special offers to them, selling a superior instrument for from one-half to two-thirds what is ordinarily asked by agents. Please send me a list at once, and after you have made inquiry, you can add to it. Illustrated Newspaper sent free. Address DANIEL F. BEATTY, Washington, New Jersey, United States of America.

BEATTY PIANO AND ORGAN.

There is no manufacturer of Pianos and Organs in this or any other country who has received as many unsolicited indorsements as has Mr. Beatty. From every State and Territory comes the same verdict: "They are the best in the world." CAUTION.—My success has brought into existence hundreds of imitators, some of whom have formerly been in my employ, whose want of experience is evident to those who are capable of judging. Illustrated ADVERTISER free. Address DANIEL F. BEATTY, Washington, New Jersey, U. S. America.

BEATTY PIANO GRAND, SQUARE AND UPRIGHT, and BEATTY'S CELEBRATED GOLDEN TONGUE PARLOR ORGANS are the sweetest toned and most perfect instruments ever before manufactured in this or any other country. Address DANIEL F. BEATTY, Washington, New Jersey, U. S. America.

PIANOS Another battle on high prices, war on the monopolist renewed. **RAGING** See Beatty's latest Newspaper; full reply sent free. Before buying PIANO or ORGAN read my latest circular. **WAR** Lowest prices ever given. Address DANIEL F. BEATTY, Washington, N. J., U. S. A. **ORGANS**

MEDICAL.

DR. SPINNEY

No. 11 Kearny Street,

Treats all Chronic and Special Diseases.

YOUNG MEN

WHO MAY BE SUFFERING from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with the frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient can not account for. On examining the urinary deposits a ropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

OFFICE HOURS—10 to 4 and 6 to 8. Sunday from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5.

COPP'S HAND BOOK

OF

MINING LAWS,

☞ JUST PUBLISHED. ☜

A work needed by every Miner, Prospector speculator, Agent, Attorney, Recorder, Broker, and Business man in the Mining States and Territories.

Price only $1 00. Price only $1 00

A COMPLETE, HANDY REFERENCE Book on all questions under the United States Mining Laws. The latest reliable work extant on the subject.

READ ITS CONTENTS AND SEND FOR A COPY.

ALL YOUR ENTERPRISING NEIGHBORS WILL HAVE IT.

CONTENTS.

1. The United States Mining Laws and Land Office Instructions thereunder.—Each section of the laws is immediately followed by the Land Office instructions relating thereto. This is a convenient arrangement as it avoids turning several pages when the instructions are considered in connection with the law.

2. A Digest of all the decisions under the Mining Laws now in force. It is brought down to date of publication, and containing the latest decisions, takes the place of all prior publications.

3. New and Improved Forms for making the various proofs, from the location of a claim miner's lien, notice to delinquents co-owners, &c., down to issuance of patent.

4. A Complete List of Patented Mining Claims, arranged by State, Territory, County, and District. This list is worth to mining men many times the price of the book

The book contains nearly 200 pages 4½ by 6 inches, and is designed to be a pocket companion for every wide-awake man in the mining camps and financial centers of the West. The work is for sale at the
